But finding a new career won't be easy for someone who's had no experience beyond thermometers and bedpans.Luckily, the smarmy head of an agency that investigates medical fraud thinks she'd be perfect for the job, since, for him, a potential employee's most important qualification is a killer pair of legs. So now Pauline's a p.i., but since she knows as much about detective work as a potted geranium might, the hunky and mysterious Jagger steps in to teach her the ropes. Her first assignmentgoing undercover at a local clinic
